

Meeting with Chris Williams
1/3/18

- Two possible meeting spaces for 15-20 people. One would be inside collection space. Other would be inside larger community space. Latter seems better option.
- Youth staff area fairly limited. Possible to extend this into teen computer area.
- Teen collection to remain on balcony, but computer area/meeting area for teens to not be directly over main lobby.
- Reconfigure meeting spaces to allow for larger space able to accommodate technology needs.
- Outdoor meeting space from book sale area.
