

Welcome back to Meredith Public Library!

OPEN

Curbside Services will continue until further notice and is still strongly encouraged. Most Curbside orders can be ordered & picked up the same day. During these unprecedented times, we respectfully ask for your cooperation to keep our library users, staff, & our community safe.

To manage that, Our Phase 2 "**Grab & Go**" Opening guidelines are as follows to keep social distancing & minimum exposure protocols in place:

- There will only be one entrance/exit to the building (the front door), except for emergency exits.
- Every person entering the building will be met by a 'Greeter'. They will also be given a number badge. They will be *strongly urged* to wear a mask. Masks will be provided on request.
- **Maximum number of people in the building at one time will be 20 people.** This will be monitored by the Greeter. If the building exceeds this number, patrons will be asked to wait outside until someone leaves.
- **Maximum time in the library building will be 30 minutes.** This will be monitored by the Greeter. If the patron remains too long in the building, they will be politely asked to leave.
- When the patron leaves, they will turn in their number badge to the greeter.

Thank you for helping your community stay Healthy & Happy!
